

Kaminbutiken Expands in Östergötland - Opening a New Store in Norrköping

Kaminbutiken continues its expansion with plans to open a new store in Norrköping. The new venture is led by the same entrepreneurs who already operate Kaminbutiken in Linköping. With two stores in the region, Kaminbutiken is strengthening its presence in Östergötland and creating new opportunities to offer more customers personal service, expert knowledge and complete fireplace and installation solutions.

The new store marks a natural step in the company's continued development. By building on an experienced and growing team, Kaminbutiken will be even better positioned to meet customers' needs throughout the region.

Bringing Expertise, Quality and Personal Service Closer to Customers

For the entrepreneurs behind the stores, this expansion is about getting closer to customers, developing the business and continuing to build long-lasting relationships.

“Kaminbutiken Continues to Grow

“We are delighted to be able to get even closer to our customers in Norrköping. Our dedicated entrepreneurs in Linköping have built a business founded on extensive knowledge and genuine commitment. Seeing them expand into Norrköping makes us both proud and excited, while giving us the opportunity to help even more customers locally.”
